**RE: ALEC KONSTANTIN UNSIGNED, ATTACHED, UNWARRANTED, AND FRAUD IN THE INDUCEMENT LETTER, SOMEONE I DID NOT WRITE. HIS LETTER EXEMPLIFIES A LACK OF CIVILITY, INTEGRITY, AND PROFESSIONALISM. CORRECTION NEEDED.**

Dear Attorney Kevin Sharp:

I write this second letter to you with respect to the below two attached letters. One is a misrepresentation letter from someone I did not write, dated July 8, 2022. The second letter is the letter I wrote to you dated July 5, 2022. I am offended with the manner this matter has been addressed.

Foremost, having someone write me that I did not write and who has limited education with respect to litigation, pursuant to the education advertised on your website, is a set up for disaster. Mr. Konstantin is not qualified to make an assessment and his deceptive appraisal was not requested from me. I did not write him.

Furthermore, he maliciously twisted and misrepresented the legal claims from my request for assistance on behalf of multitudes of American victims afflicted by Havana Syndrome neurological attacks, to the concoction of contacting Sanford Heisler and Sharp regarding singular or personal experiences. Such is pure deceit. He tried to change the content of my letter, to make it look like I wrote you regarding a singular personal matter, when I did not. I wrote you on behalf of a meritorious and needed class action lawsuit.

Mr. Alec Konstantin attached letter is fraudulent, offensive, unwarranted, and malicious. He overlooked the needs of hundreds of people, to create a non-existent, singular endurance case, that I did not contact you about. Mr. Konstantin actions exemplify a lack of civility, integrity, and professionalism, at the expense and envy, of the commendations I referenced in my letter.

This type of director of operations, practices, epitomize fraud in the inducement and deliberate misrepresentation. It is antiquated interference that serves no productive purpose, undermines integrity, advances injustice, further harms hundreds of already victimized people and does not belong in any law office I commended. I urge you to address and correct such, so this type of fraud, deceit, and misrepresentation letter writing, is exterminated and does not happen again.

In closing, I look forward to a response letter, from you, exemplifying the advertised civility, integrity, and professionalism, regarding disabling Mr. Konstantin unethical fraud in the inducement behavior and your assessment of my attached letter to you on behalf of multitudes of American victims afflicted by Havana Syndrome neurological attacks and the need for equal protection of the law in the enforcement of the HAVANA Act of 2021. I have attached two exhibits to this letter. Your professional response is awaited. Thank you.

Sincerely,

Miriam Snyder

***Re: Your Potential Legal Claims***

Dear Ms. Snyder:

Thank you for contacting Sanford Heisler Sharp regarding your experiences. We are sorry for what you have endured. Unfortunately, after careful consideration, the firm has determined that it is unable to represent you in your potential legal claims.

Our decision is in part due to the demands of our existing caseload. Please note that in declining to represent you, the firm is not expressing any opinion regarding your claims or the likelihood of success should you initiate a legal action.

You are, of course, free to pursue your claims on your own or with other counsel, and we encourage you to contact other attorneys who may not share in our analysis of your situation. Because most legal rights have strict time limitations within which a claim must be filed, we suggest that you contact another attorney immediately if you plan to pursue this matter.

We wish you the best of luck in your pursuit of your claims.

Sincerely,

Alec Konstantin

**Dear Honorable Lawyer Sharp:**

**I write this letter on behalf of multitudes of American victims afflicted by Havana Syndrome neurological attacks and the need for equal protection of the law in the enforcement of the below linked HAVANA Act of 2021.**

**My name is Miriam Snyder. I am an educator, evangelist, and human rights advocate. Foremost, I commend you for your work in the Peltier case, your overall career decisions, and your quest to build a world where all can flourish and be healthy.**

**I am writing you regarding a needed public interest discrimination lawsuit regarding the discriminatory impact in the current Havana Syndrome Legislation. Please see:**

**S.1828 - HAVANA Act of 2021, Public Law No: 117-46:**

**Helping American Victims Afflicted by Neurological Attacks Act of 2021 or the HAVANA Act of 2021: <https://www.congress.gov/bill/117th-congress/senate-bill/1828>**

**This legislation states Helping American Victims afflicted by neurological attacks. The research supporting this legislation terms directed energy weapons as the Havana Syndrome weapons. Many Americans, like myself, afflicted by the neurological attacks/the Havana Syndrome weapons have been denied equal protection of the law, with respect to inclusion in the Havana Act of 2021. Many of us, are women, people of color, and or people from diverse backgrounds.**

**The current Havana Act of 2021 has selective sufferers. These selective victims are beneficiaries. This law clearly states Helping American Victims Afflicted by Neurological Attacks. We are victims afflicted by hostile Havana Syndrome neurological attacks. We seek inclusion in the current HAVANA Act of 2021, pursuant to each protection in the United States of America Constitution, emphasis on the Fourth, Fifth, and Fourteenth Amendments, equal protection of the laws and the right to be secure guarantees, as well as state laws, that are in concert with the noted federal laws.**

**There is a need for equality in the inclusion of all Americans injured by the Havana Syndrome weapons, in the application and enforcement of the Havana Syndrome Act. Americans have been protesting about the non-consensual use of these Havana Syndrome weapons for years. There are many Americans incapacitated, damaged, disabled, and some killed, by these mysterious, invisible, radiation-based, Havana Syndrome weapons. Please see the research below.**

In the below link, you will find a Havana Syndrome Equality Act petition with over 470 signatures. This petition was created to address the need for equality in the Havana Syndrome Act of 2021. Please see: <https://www.ipetitions.com/petition/havana-syndrome-equality-act>

We seek to be compensated for Havana Syndrome weaponry induced brain and body injuries that were and have been incurred by hostile acts and terrorist activity, consistent with what the HAVANA Act of 2021, Public Law No: 117-46, positions.

We have reported experiencing the Havana Syndrome unusual cognitive and neurological impairments, just like the intelligence, diplomatic, and other governmental personnel have reported.

The discriminatory impact in the Havana Syndrome Act of 2021, is felt by the many American victims afflicted and harmed by Havana Syndrome neurological attacks, yet not included, in this Act, based on phenomena not associated with the title of the act and based on pure discrimination. Legislation should not be written or used for discriminatory practices. There is no lawful reason for selective victims or sufferers. The safety of the people is the Supreme Maxim of Law. Legislation should not be written that invokes the safety of some victims and not all.

We, the people, the signed petitioners, on the above linked petition, are victims of unusual cognitive, neurological, and bodily impairments, inflicted by Havana Syndrome weaponry. We have suffered far too long, to allow needed legislation, such as the Havana Syndrome Act of 2021, to finally get passed, but deny us equal protection of the law. Consequently, we have concluded that the most effective and immediate way to address this discrimination is via an effective discrimination lawsuit and not administrative alternatives, as mentioned in the above noted petition.

In closing, public interest discrimination representation is necessary to show that fairness is needed in the implementation of the Havana Syndrome Act so that ALL, not a few, injured parties will be compensated medically and otherwise, for these mysterious, yet fatal Havana Syndrome injuries.

The Havana Syndrome Act needs equality enforcement in the application of this new law, to all injured parties and not some. As such, we seek a brilliant, outstanding and well-versed human rights attorney such as you, to help regulate this gross injustice, via an awesome public interest discrimination lawsuit. Your response is most needed. I can be reached at 929 312 9411, [eslexcellence@aol.com](mailto:eslexcellence@aol.com) or fax at 866 244 9823. Thank you for your work and time.

Sincerely,

  
Miriam Snyder
